GUIDELINES FOR RECRUITMENT ACTIVITIES

Recruitment activities should take place during the same semester as your interviews to fully leverage student interest in your organization.

Please be advised that changes to any campus recruitment strategy less than three weeks before a scheduled event, or while students are on recess, may negatively impact attendance or applications for positions.

If you make changes to your interview schedule after students have begun to select interview slots, it is your responsibility to contact students directly to reschedule their interviews. You should also contact CCE to make sure changes are reflected on Handshake.

We recommend allotting three weeks between your initial position posting on Handshake and selected interview date.

The CCE office does not accept requests made for information sessions less than two weeks prior to the requested date. Invitation only events are excluded from this policy.

OFFER POLICIES

We encourage all employers to provide a reasonable time frame for students to consider all full-time and internship opportunities and offers. We have outlined our offer deadline policies below. Please note that the Office of Career Services explicitly prohibits any practices that improperly influence or pressure students to accept offers earlier than the time frames posted below.

All employers participating in the Campus Recruiting Program, including postings, on-campus interviews, employer information sessions, meet-ups and other student engagement events and programs coordinated in conjunction with the CCE, will be expected to follow the Offer Policy. Employers who violate the “Offer Policy” will be subject to penalties that may include forfeiture of the use of Career Services programs, including on-campus interviewing, participation in employer information sessions and other visibility programs and events, for the following academic year:

Summer Offers

Full-time or internship offers extended to students during the summer should expire no earlier than October 25, 2021.

Fall Offers

Full-time and internship offers extended to students during the Fall semester should expire no earlier than November 15, 2021.

Spring Offers

Full-time and internship offers extended to students during the Spring semester should expire no earlier than April 15, 2022.

These deadlines will give our students enough time to explore their options and make as informed a decision as possible. In the end, we want you to obtain the best candidates and we want our students to have the best opportunities! In the spirit of collaboration, we ask that you inform us of any offers made and let us know of any student who reneges on an acceptance of an internship or full-time job offer.

Exploding Offers

CCE Strictly prohibits “exploding offers.” We recognize that many employers want to make offers to summer interns. However, forcing a student to make a hasty decision pertaining to employment precludes his or her exploration of other options and may cause them to renege on job offers. It is against our policies for any student to renege on a job offer. Employers are asked to refrain from placing conditions on any offers and incentives may not be offered to induce students to accept offers early.

Withdrawing an Offer

CCE strongly discourages any employer from withdrawing an internship or full-time employment offer. Withdrawing an offer could seriously damage an employer's reputation and effectiveness at Howard University's School of Business. We expect employers to honor all offers made to students. If you must withdraw an offer due to unforeseen circumstances, please contact the CCE office immediately so that we can assist you in this difficult situation.

Student Accountability

All employers should contact us directly if there are any issues concerning offer acceptances, students and recruiting concerns, or interview cancellations or no-shows. If a student reneges on a written acceptance of employment, please contact the CCE office as soon as possible to effectively handle the situation.

HOWARD UNIVERSITY COVID-19 PROTOCOL

Howard University continues to monitor the (COVID-19) pandemic and has implemented the necessary actions to help maintain a safe and healthy environment, while sustaining services required to deliver an exceptional education to our students and conduct critical research in the safest manner possible.

General Guidance

1. Masks must be worn indoors in public spaces (shared offices, classrooms, etc.) as well as outdoors in group settings. When outdoors, an individual may be unmasked if traveling alone. Any gathering of two or more individuals will require masks and recommended social distancing (designated by the CDC as 3 feet currently).
2. Appropriate physical distancing should be practiced, whenever possible.
3. Anyone who is symptomatic should be tested as soon as possible on the same day.
4. Students and employees should not report to class/work if they are experiencing symptoms until they have been tested.
5. For those who are symptomatic, Rapid Antigen tests will be available in each dormitory as well as at the Student Health Center. If the rapid test is positive, the individual should be placed on isolation and have a reflex PCR test.
6. Anyone who is positive should be in isolation for 7 days, and then should have 2 negative PCR tests in order to return to duty/school.
7. Testing will be once weekly, using PCR for all students and faculty/staff.
8. Because of the close contact and physical activity of Athletes, they will be tested 3 times per week; twice with a rapid antigen test and once with a PCR test. These tests will be conducted prior to the initiation of practice or event. If an individual tests positive on an antigen test, they will be prohibited from entering the activity. A reflex PCR test will be performed, and the protocol for positives will be initiated if that test confirms positivity. All results (positive and negative) will be reported to the Student Health Center.
9. Certain activities such as band practice, choir, and cheer squads will also have more frequent testing up to 3 times per week. Rapid antigen testing will be utilized to quickly identify potentially infected students prior to the initiation of the sessions.

10. In keeping with campus policy, all visitors to the campus who will be on the campus for greater than 4 hours or meet the criteria for being a close contact are required to be vaccinated. Individuals must fill out the Bison Safe attestation form prior to entering the campus. The Bison Safe app can be downloaded the [App Store](#) (iOS) and [Google Play](#).
